“Lengthen your cords, Strengthen your stakes, Expand His Kingdom”

Isaiah 54:2,3

PRAYER NOTE

January 2026

Dear Friends and Prayer Partners,

Welcome to another New Year with our known God into the unknown journey.

Prayer is our engine room. Prayer is our priority. Prayer is our breath.

“Abide in me” John 15:4

“Follow me” Matthew 4:19

Abiding in the vine is closeness of union, intimacy of fellowship and wondrous oneness of life and purpose. Bear fruit for others to see Christ in us. To remain in the vine, we need to be willing to change and willing to grow and to be pruned. To bear fruit we need to be nourished, withstand the change in weather and seasons. Progress towards a point of realization we are nothing and He is everything.

Following Jesus is an invitation. A calling with a commitment. A change in direction and priorities. We need to be willing to be with him, learn from him, work with him and work for him until the end. His work was to fulfill his own Father’s will. That is, no one should perish but all should have eternal life and be part of the new Kingdom Christ had come to usher. There is no turning back even if the cross is before us. The cost of discipleship.

The HCF Australia’s theme for 2026 is challenging us to abide in Him and Follow Him. The Kingdom of God to be established and expand. To do this each one of us needs to lengthen our chords, commitment, and effort. We need to be strengthened to manage the storms and barriers that will come our way in life and work. There will be subtle and deceptive proposals and possibilities thrown at us to distract us and deviate from the path our master took and wants us to follow. We may without realizing settle to satisfy ourselves with existence in the world and not focus on expansion of his Kingdom.

Let us all take note of these in 2026. So that Christ is all for us.

Please pray along the lines suggested below and more as the Holy Spirit puts in your heart to pray.

1. Australia

- a.** The church to repent and return to worship. Give leadership and voice to the people and impact the political leaders. 2 Chronicles 7:14
- b.** The people who have voluntarily come to this country will be grateful and will integrate and respect its values. Leave behind their disappointments, anger, and ideologies. All will value life and care for one another in love in this adopted country.
- c.** The politicians will be challenged in their conscience about their decisions and be aware of justice and a day of reckoning will be served without fail. Integrity, transparency, courageous leadership, humility to accept the bad and harmful ways. Fear of the Lord to be the beginning of wisdom.

2. HCF Australia and HCF International

- a.** The health workers will abide in Christ. Take time to pray. Have a mind to work to honor God. A fruit bearing life for others to receive.
- b.** HCFA will raise disciples who will sacrificially and courageously shine their light by example. Take spiritual responsibility to their calling as healthcare workers.
- c.** Praising and thanking God for the 90 years of labor in the vineyard of healthcare. Expectant of next generation of courageous leaders, tuned to the times, discerning the spiritual and the carnal and empowered by the risen Savior.

3. Nations

- a.** God's intervention in the nations where Christians are killed and persecuted. Many souls will be added to the Kingdom of God because of the sacrifice of the saints. Peace to the mourning grace to the yearning. The enemies will taste the love of God.
- b.** Nations at war. God to deal and break the schemes of the enemy working through the leaders and political systems. We need to stand in the gap in prayer. He will deliver.
- c.** The spiritual eyes will be opened in the peoples of every race and tribe.

As more people seek help through the health facilities. Let us in pray for one another in healthcare in 2026.
